

**REMARKS**

Responsive to the Official Action of August 24, 2005, claims 28, 30, 34, 44, 48, 50, 54 and 63 are amended in minor respects to avoid the rejections under 35 USC 112, second paragraph. In the instance of claims 28 and 48, the word "goods" in the phrase "good or services" is removed along with the word "or" so that the claims will be definite and agree as to antecedent basis with preceding claims.

The amendments to claims 30, 34, 44, 50, 54 and 63 remove either the words "whether" and/or "if" as well as the word "ignores" and amends claim language in other minor respects in order to conform to those changes. The applicant believes that these amendments to said claims remove any objection thereto under 35 USC 112, second paragraph. The applicant does note, however, that an option to do "nothing" is indeed a positive method step and accordingly does further limit prior method steps as recited in claims from which said claims depend.

The applicant believes that the application is in condition for allowance and respectfully requests that favorable consideration be given the application as amended.

Respectfully submitted,

Kenneth E. Darnell
